Spectrum Social Group Enrollment and Tuition Rates

About Spectrum’s Social Skills Groups:

Spectrum offers group experiences for clients seeking to improve their skills, knowledge and abilities in the social world including home, community, work and school.

Applicants are offered the group(s) we believe will best meet your needs and help you progress toward your goals based on the information you provide.

Enrollment:

Spectrum group sessions typically align with the public school calendar as that is the most convenient for the majority of our clients.

Applications may be submitted at any time and will be reviewed as soon as possible after receipt. New groups will be formed and will start whenever we have enough applicants working toward the same goals. **A payment will be due the week before group starts in order to reserve your spot.**

Registration:

New Clients: After reviewing your application, we will schedule an initial assessment – ONLY if we believe we may have a group suitable for you based on the information you provided. A \$100 assessment fee is due on the date of the assessment.

Attendance and Group Schedules:

Group work is dependent upon all group members attending as many sessions as possible. When you miss a session, you not only miss the content and work of that week, but your group members miss out on the unique contributions to the learning opportunities you offer the group. It is our belief that you will make the most progress when you are consistently present, so to encourage regular attendance and maintain consistency in group participation and makeup, we offer our groups in session packages. **Tuition is due in full regardless of attendance. Parents of children ages 12 and younger are required to wait in our lobby for the duration of the group.**
